

Palazzo

Sculpted heritage. A collected home.

THE COLLECTION

Sculpted heritage, *made for living.*

Palazzo brings expressive carving into everyday rooms. The original tables pair walnut-toned surfaces with natural Indian mango wood bases, balancing sculptural scrollwork with clean, chamfered edges.

This expanded edition carries that language into seating, storage, a writing desk and a wall mirror. Each addition uses the scroll selectively, allowing plain surfaces and natural grain to give the detail room to breathe.

ABOUT THIS EDITION
